

CHAELVIN B. BOLANTE

Pasong Kawayan I, General Trias, Cavite • 09360658121 • cbolante24@gmail.com

SUMMARY

Computer Engineering graduate with experience in web development, system implementation, and research-based projects. Skilled in problem-solving, collaboration, and adapting to new technologies. Committed to delivering quality work while continuously learning and contributing to organizational success.

EXPERIENCE

WEB DEVELOPMENT

June 2025 - August 2025

On The Job Training | Startuplab Business Center

- Developed and maintained responsive WordPress webpages using Figma-based layouts, contributing to improved website usability and user experience.
- Conducted SEO keyword research and on-page optimization, helping increase website visibility and improve search ranking performance.
- Collaborated with team members to troubleshoot technical issues, implement website improvements, and create digital marketing content using AI and design tools.

SMART HELMET LOCKER SYSTEM

September 2025 - June 2026

Design Project | Thesis

- Designed and developed an IoT-based Smart Helmet Locker System integrating temperature, humidity, VOC, and moisture monitoring for helmet safety and storage management.
- Implemented hardware and software components using microcontrollers, environmental sensors, and automated access mechanisms, including system calibration, testing, and troubleshooting.
- Conducted research-based performance evaluation and data analysis to improve environmental monitoring accuracy, drying efficiency, and overall system reliability.

EDUCATION

Bachelor of Science in Computer Engineering

2022 - 2026

Cavite State University - CCAT CAMPUS

SKILLS

- | | |
|--------------------------|-----------------------|
| • Customer Communication | • Time Management |
| • Team Collaboration | • Critical Thinking |
| • Adaptability | • Problem Solving |
| • Task Prioritization | • Attention to Detail |
